Delran Fire Department Department Chiefs Report

June 14, 2022

Currently we are at 290 calls for the year.

May 30th – Bridgeboro road station was struck out for a apartment fire in Moorestown. Crew arrived and staged for a short time before being released and being routed to an MVC in town at Haines Mill Rd and Route 130.

June 4th the Delran Grocery Outlet had a Grand Re-Opening and was attended by Delran Fire Personnel.

June 4th also was a car show that the fire department was asked to be in attendance for and this was also handled by fire department personnel. Thanks to Lt. Parento and Capt. Cunningham Jr. for handing these assignments.

The department took place in the Delanco Parade and Riverside Parades this past Memorial Day.

PSE&G will begin the milling and re paving project on Chester Avenue in the coming weeks after school is out for the Summer Break. Once more precise time frames and dates are announced information will be sent out to the department.

I was reached out to by Brian Iannacone once again in regards to Delran participating in conjunction with the HazMat Team for Decon purposes on their assessments being that we have the Rehab Trailer. I will be reaching back out to him to set up a meeting and see what all is entailed.

The Fire Marshals office has been busy with a lot of work; one part being all of the alarm systems that we have recently had with the new FoxTail Creek area. This work has cleared up a lot of issues and have streamlined how the alarm system will be monitored and how we handle certain calls. Many thanks to DFO Cunningham Jr for the work and information put out for different aspects around town.

New AED's have been purchased and have been received by the district office. These units will be going in the 6 large apparatus (2311, 2312, 2315, 2321, 2324, 2329) and the two command units. Training on these units have already begun and will continue so that all know what to expect if the time comes to use one.

August 2nd is the National Night Out this year that will be held in Delran Community Park on Hartford Road. The Delran Fire Department again will be playing a part in this in traffic control and also hazard mitigation and standby for the duration of the event. We have already had one meeting in regards to this event with township officials; more information will be made available when it is available.

Respectfully,

Kevin F. Peak
Department Chief
Delran Fire Department; Delran Fire District #1

Deputy Chief's Report June 2022

1. A rep from Snap-Tite Hose came out to look at the hose at 231. The rep would like us come and tour their factory in Erie PA, I was thinking maybe 5 or 6 going out to tour the factory. I'm still waiting for an answer about the piece of hose he took with him.
2. The Fire Extinguisher were serviced and had to have some Hydro tested.
3. SCBA were flowed tested and had some bottles that needed to be hydro tested. They were sent out to get done.
4. The Department had 8 Applicant apply for the Clerical Position.

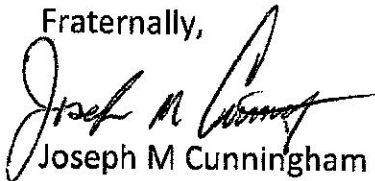

Apparatus:

1. Fire & Safety was down and serviced the CAFS Systems on Engine 2312, 2324 & 2321. 2321 has some Checked valves leaking and over the weekend while on driver's training they had problems with the rear discharge. Engine 2321 needs to get dropped off to Fire Safety on Sunday Aug 22nd, 2022 to have the discharge Valves & Check Valves repaired.

Building and Grounds:

1. Tustin Group was out today and started the services on both stations.
2. Press electric started replacing the lights, Exits signs and lights switches.
3. Chester Ave station Elevator had problems again with members in it. Elevator company was today to check it out. The elevator was left in trouble mode for the tech to look at.

Fraternally,

Joseph M Cunningham

Deputy Chief Delran Fire Department
